Does the system indicate the environmental impact of my printing?

Adam Smeets - 2017-08-23 - 0 Comments - in Printing

Yes, the print management portal summary page shows an estimated environmental impact by user. The Environmental Dashboard is available on your portal page at <https://print.dom.edu/>. Examples of these dashboards are included below.

Printing Impact

MY SHEETS THIS WEEK **25**

MY SHEETS THIS MONTH **41**

MY COST THIS MONTH **\$6.09**

My Environmental Impact **Since** 10 May, 2017

- 2.1% OF A TREE
- 2.2 KG OF CO₂
- 139.9 BULB HOURS

ORGANIZATION

IMPACT

61.5% OF A TREE

65.1 KG OF CO₂

4,074 BULB HOURS

Since
10 May, 2017

ABOUT

Trees: corresponds to number of trees gone into making the paper.

Carbon: corresponds to greenhouse gases released in the production of the paper (CO₂ equivalent).

Energy: represents the energy used to produce the paper, and is shown as the equivalent energy consumed by a standard 60W light bulb.

USAGE THIS MONTH
