## How to Connect A Laptop, Tablet, Smart Phone or Mobile Device to "DU Wireless" Dominican's Secure Wi-Fi Connection

Enrique Diaz - 2016-10-13 - 0 Comments - in Wireless

All Mobile devices should use the "DU Wireless" connection. You will need to provide your Dominican username and password during your first connection. Your credentials will be saved and you will not have to enter them again. DU Wireless is a secured/encrypted connection with unrestricted Internet access speed.

To Connect to Dominican's Secure Wireless connection, please visit the link below for instructions on your specific devices.
