1. Login to your Dominican Email at <http://mail.dom.edu>

(Note: Downloading and installing can take over an hour, please make sure you have time to finish the install, make sure you are using the computer you would like Office to install onto, and please make sure your device is connected to an outlet)

2. Once your Inbox loads, click on the "Office 365" icon in the upper right hand corner of the screen.

3. Click on "Install Office 365"
