What happens to my course site(s) at the end of the semester?

Steven Plane - 2016-12-01 - 0 Comments - in Canvas for Faculty

Approximately two weeks after the last day of class, your course site is archived as a read-only site. However, you can always use this site in the future to Import this course site into a new Canvas course. Follow the instructions on the following Support Center page: How do I copy material from one Canvas course site to another one?
